Click **Optional Wire Information** to fill in additional, optional fields.

Enter a **Message to Beneficiary** for any additional details you need to provide to the wire recipient.

If your wire instructions say you must include a “For Further Credit To” or “FFC” information, it would be included in this section. Please note, this information will need to be included every time. If this will be a regular wire, we suggest you create a template for this wire so that information can be saved. See the user guide for templates for more information.

Please note, if your wire has FI-to-FI (or Bank-to-Bank) instructions, that field no longer exists. Please enter those instructions in the **Message to Beneficiary** Field.

**Description** is an internal memo note field that will stay in AccessJFG and will not travel with the wire.

When you are finished entering the wire, click the **Draft** button.

Johnson Financial Group requires all wires processed online to be approved by a different user than the user who drafts the wire. Thus, the **Approve** button will result in an error message.

**Online Activity Center** (found in the **Transactions** menu) tracks all transactions that happen online. Make sure you select Single or Recurring Transactions at the top of the page depending on what transaction type you are looking for.

Using the **kabob menu**, you can **Approve** the transaction from here, amongst other actions. For wire transactions, the user who drafted the transaction cannot approve it.

Depending on your entitlements, you may be able to approve or cancel transactions that were created by other users.
